Lamu's archipelago is a unique place with a mysterious and fascinating history, where life flows with a relaxed and slow pace. Made up of six major islands and many smaller ones. This archipelago is the jewel of the Kenyan coast and offers an unforgettable stay for those seeking to get away from it all.

Local excursions and attractions - there is a purpose built dhow available for charter to investigate the many secluded bays and reefs that Lamu archipelago has to offer. Francesca (bottom right) is a dhow designed in the Mozambique style. She has a broad beam and a shallow draught, making her the perfect vessel to explore the Lamu archipelago.

The **big game fishing** off the Lamu coast is world class, you can fish for black, blue, and striped marlin, sailfish, swordfish, large yellowfin tuna, wahoo and many more. You can book fishing when you arrive but with only a couple of big game fishing boats available it is recommended that you book in advance to avoid disappointment.

For those who prefer to get in the water there is some stunning **scuba diving** available off the Lamu archipelago and numerous opportunities for a variety of **water sports**.
